COMPANY INTRODUCTION

THE MOST RELIABLE ARTIFICIAL TURF MANUFACTURER IN SAUDI ARBIA

Grass Manufacturing Co is an artificial grass factory serious about artificial grass!

As a reliable artificial grass factory, we devote ourselves in becoming an extension of our customers' teams.

Grass manufacturing company (GMC) is an artificial grass factory located in Sudair Business and Industrial City. We started business from the year 2008 with the product of artificial grass yarn. With years of development, now we have become a professional artificial grass factory integrating R&D, production, sourcing, and sales for both national domestic and overseas. Thanks to our workers mostly from local and have been working in GMC artificial grass factory since we established. GMC has extended its market to the Kuwait, European Area, Dubai, Jordan, Saudi Arabia, Oman, Bahrain, Qatar, Egypt. More than 10 countries. We have

supplied artificial grass products to over +200 happy clients. Innovation is the spirit of an artificial grass factory. GMC develops new collections every year and now has +500 designs to support your business. The range of Grass manufacturing company's products includes artificial grass, artificial yarn, accessories, green walls. As an artificial grass factory, we also offer custom services for OEM orders that are manufactured according to customer requirements from the yarn shape, color, backing to designs. We are an artificial grass factory able to design, test and meet clients' personalized requests.

BRAND STORY

GRASS MANUFACTURING COMPANY SYMBOL MOTIVATES US

We didn't just choose a random name, but selected it with the same care we employ to make and service the products you receive from us.

People associate our name, GMC, with protection against harm, achieving nobility, and gaining confidence without arrogance or vanity. The GMC inspires our company to focus on bettering product quality, creating new merchandise, and improving our logistic system, so we can be your most reliable artificial turf manufacturer.

Our name requires us to do business with integrity, and our customers reap the rewards.

What Are Our Advantages To Be Considered as One of The Best Artificial Turf Manufacturers?

We are not good at fancy videos or dramatic introductions. We do things stably and reliably.

Facts speak louder than words. All the 15 years, we have less than 0 quality claims and we never lose any clients! Our clients consider us not only as a professional artificial grass manufacturer but also a responsible friend.

Just as our symbol, we do business with integrity. We focus on improving quality, developing new products, properly saving cost and improving our logistic system, and trying to be the best part of the supply chain.

In an era of the credibility crisis, trust needs to be earned. We are sincerely looking forward. To work with you who share the same value!

R&D AND PRODUCTION STRENGTH

Strong Independent R&D Ability

GMC is the high-technology enterprise. We are the only one factory in Saudi Arabia and Middle East which achieved Manufactures Fence Grass with the latest technology.

Certificate Proved Enterprise

GMC uses raw material that have passed ISO9001:2008 quality management system and also CE, SGS...which proves our quality is high UV-resistant, no heavy metal and no pollution...

High Quality Standard & Lab Inspection Equipment

GMC owns high standard equipment for testing yarn abrasion resistance, anti-UV resistance, and grass strength....which ensure the stability and consistency of our grass quality.

New Collection Every Year

GMC promises to develop at least 12 new collections of landscaping grass each year to enrich your product lines not only on yarn shape and color but also on specification and price.

PRODUCTION PROGRESS

GMC is a factory to do everything in house from the raw material to the yarn and the finished product.

We believe quality stays in progress. High quality means strict production progress control. To be a serious supplier, we handle the details very carefully to make sure you get the perfect products.

• Raw Material Assurance.

%100 first class raw material from the beginning to make sure the quality from sourcing

• Each Step QC Check

Our quality inspectors do the inspection on each step from the yarn extrusion to the tufting.

• Inspection Report is Necessary

Our sales will provide you the whole production progress video and loading report to you. The progress will be open and honest, no blind spot.

1

Mixing Material

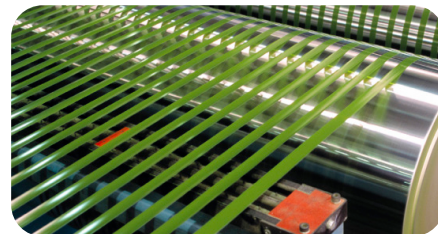

Quality is the conscience of a company, we promise only chose the raw material! No recycled material added!

2

Extruding

With the right mould, first-class material and years of experience, our yarn is smooth and low shine

3

Twisting

Excessive twist will ruin the shape of the grass. Not like the others, we never only think how to make our job easier but what is the best for our clients

4

Yarn Product

Several bobbins of yarn always together with our grass product to show you the raw material and to make you feel reassuring

5

Turfing

The best machines cooperate with the best yarn makes the best product

6

Coating

There are SBR Latex, P coating and many colors like: Black, Green, Gray, Brown, Purple for your options.

7

Rolling/Packing

PE film and durable outside packing cloth make the final product pretty and tidy

8

Loading

we are professional in loading not only making the grass in a good shape but also loading more quantity

There are only 2 Artificial Grass Manufacturers in Saudi Arabia, we are more serious!

1. We will send you the video inspection for every step, what you see will be what you get
2. Test report and loading report will be provided to show things in delivery

05

WHAT MAKES US THE RIGHT «FIT» FOR YOU?

In this era of fierce competition, we know that you have the choice of numerous professional, knowledgeable and competent artificial grass suppliers. What we believe makes us different! We believe in becoming an extension of your team; we believe in speed-to-market; we believe in no matter how cheap we can provide it has to start and end with quality; we believe in an open and honest relationship; we believe no matter big or small the order is, it deserves our full attention.

We feel grateful for the chosen from our clients and try all our best to make you trustworthy. And we understand that you choose to work with us is not because how good we are boasting or how cheap our products seem to be but because we can find a way to bridges your needs and our solutions; because our product is able to achieve your desired result and performance and because our market performance and customer referral allows for your joined trust.

SPORTS GRASS

High Abrasion Performance: Our artificial grass can endure well over 500 hours of consecutive playtime, events or tournaments will not have to be scheduled to include downtime to allow the field rest from use.

Professional Design: We know the structure better about which shape is better performance and how to design the thickness which makes your sports experience safer and more fun.

All-Weather Utility: Unlike natural grass fields, artificial turf will not turn to mud on days with moderate to heavy rainfall. Also it can stand the high temp. with UV resistance with no need of irrigation. Unlike, natural grass that turns into yellow and dries out.

Low Maintenance: Artificial grass does not need to be brushed, watered and fertilized to control pests, managing the maintenance of this type of field can be much less rigorous and expensive than natural grass fields.

Application:

- Standard football pitch

- Mini soccer pitch

- Football training club

- golf course

- Golf Driving Range

- Baseball course

- School playground

- Tenemental sports field

- Fitness room

MULTI-FUNCTION GRASS

• **Competitive Price**

For multi-function artificial grass, our price starts from 1\$. We are trying to find the balance between the price and profit. To make sure our clients get the biggest margin.

• **Flexible Installation**

For some small space like an indoor balcony, it is not easy to install artificial grass in large size. Our multi-function artificial grass make it much easier.

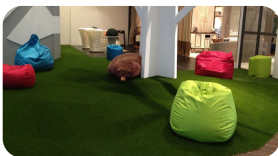

• **Can be Customized**

If you are bored with the single green and want your grass carpet with more vitality, please call us to customize at any colour, size and pictures.

• **Low Maintenance**

No need to water, apply fertilizer or do the disinsection. Save your time, cost, and energy.

“

Working with the team at GMC has been both, a pleasure and an educational journey for us. From our initial meeting with Ms. Alaa, to the sales and aftersales support offered by Ms. Shareef, all our questions, concerns and technical requirements are taken care of in a timely and professional manner. We cannot stress enough how easy and efficient it is to work with the team at GMC.

Ahmed Salim - Tabuk

”

“

When Mohammed asked me to do him a favour about some comments on their company new website. I said yes without hesitation. GMC is really a great company. When we had some claims last year Mohammed sent us a new container! I am loyal to cooperate with them and you won't regret to choose them.

Saleh Al-Shehri - Jeddah
